Product details

Profile system	ISB
Slot type	6
Material	Zinc die-cast
Finish	Zinc plated
HS-code	7907.00.00.90

Description

With this universal connector you join two ISB profiles with slot 6 at a right angle, for example a cross member to an upright. The connector sits in a bore Ø15.7 mm in the first profile; the screw goes through it into the slot nut in the slot of the second profile.

You tighten it with a hex key through the bore, so the joint is hidden in the frame and can always be undone.

- For ISB profiles with slot 6, 30 series
- Set: 1 universal connector, 1 T-slot nut slot 6 M6 and button head screw ISO 7380 M6 x 22
- Material: zinc die-cast, zinc plated
- Machining: bore Ø15.7 mm in the first profile
- Weight: 18.8 g
