View this product online: https://www.bendur.com/uk/self-forming-screw-bsb-s12x30-t50-bt0209150102t50.html

Product details

Profile system	BSB
Material	Staal
Finish	Elektrolytisch verzinkt
HS-code	7318.14.99.90

Description

With this self-forming screw you connect two aluminium BSB profiles. The screw forms its own thread, so you don't need to tap a thread first. Thanks to the shape of the head and the self-forming thread, the two profiles are electrically connected (ESD).

It is also the screw for fixing the aluminium foot plate 135 x 135 to a BSB profile.

- Material: steel, zinc plated
- Size: S12 x 30 mm
- Drive: Torx T50
- Head diameter: 19 mm
