### Product details

| | |
|---|---|
| **Profile system** | ISB |
| **Material** | Steel |
| **Finish** | Zinc plated |
| **HS-code** | 7318.14.99.90 |

### Description

With this screw you fix connection angles, angles, turn-locks and other components to the core hole of an ISB profile. It forms its own thread in the core hole, so you do not need to tap a thread first. The screw can be undone and reused.

- Size: S7 x 20
- Head: button head Ø13.7 mm, hexagon socket SW 5
- Material: steel, zinc plated
- For ISB profiles
- Weight: 8.2 g
