Product details

Product series	S400 HEAVY
Footplate diameter [mm]	60

Description

This stainless steel leveling foot with anti-slip rubber features a fully machined base with a diameter of 60 mm and a spindle with full M10, M12, M16, or M20 thread. The total height of this leveling foot is 87.5 to 288.5 mm with a maximum load capacity of 3,000, 12,000, 30,000, or 45,000 N. It is ideally suited for industrial environments where a high level of hygiene and heavy loads are required. The stainless steel base and its distinctive shape guarantee high load resistance and excellent cleanability, even in critical conditions. The stainless steel washer ensures a complete seal between the spindle and the base plate.
