Product details

Profile system	BSB
Slot type	10
Material	Staal
Thread diameter [mm]	M8
Finish	Elektrolytisch verzinkt
HS-code	7318.15.95.89

Description

With this hammer head screw you fasten components to a BSB profile with slot 10. When you tighten it, the head breaks through the anodised layer of the profile. That gives a secure, electrically conductive (ESD) connection.

It is also the screw for fixing a steel foot console 40 or 45 to the profile; an M8 flange nut fits on it.

- Material: steel, zinc plated
- Thread: M8 x 20 mm
- For a slot wall of 3.0 mm
- Fits BSB profiles slot 10
