Product details

Profile system	BSB
Slot type	8
Material	Staal
Thread diameter [mm]	M6
Finish	Elektrolytisch verzinkt
HS-code	7318.15.95.89

Description

This hammer head screw M6x16 fastens parts directly to a BSB profile with slot 8: the head sits in the slot and the threaded end sticks out. A matching M6 flange nut is included.

When you tighten the nut, the head bites through the anodised layer of the profile. That gives a secure connection that also conducts electricity (ESD).

- Thread x length: M6x16 mm
- Collar height: 1.5 mm
- Material: zinc-plated steel
- Fits BSB profiles with slot 8
