Product details

Profile system	BSB
Slot type	10
Material	Steel
Thread diameter [mm]	M8
Finish	Zinc plated
HS-code	7318.15.95.89

Description

This hammer head screw M8x25 fastens parts directly to a BSB profile with slot 10: the head sits in the slot and the threaded end sticks out. A matching M8 flange nut is included.

When you tighten the nut, the head bites through the anodised layer of the profile. That gives a secure connection that also conducts electricity (ESD).

- Thread x length: M8x25 mm
- Collar height: 3.0 mm
- Material: zinc-plated steel
- Fits BSB profiles with slot 10
