Product details

Profile system	NRB
Material	Steel
Finish	Zinc plated
HS-code	7326.90.98.90

Description

This steel corner connector joins two aluminium profiles at a right angle. It suits profiles of 30 mm and up.

The connector is zinc plated, so it is protected against corrosion. You fix it with slot nuts and screws, which are not included.

- Material: steel
- Surface: zinc plated
- Size: 30x45
- For profiles of 30 mm and up
