Article number: BT-020915.02.00.000

View this product online: https://www.bendur.com/uk/self-forming-countersunk-screw-isb-s7x16-bt0209150200000.html

Product details

Profile system	ISB
Material	Steel
HS-code	7318.14.99.90

Description

With this screw you fix components to the front of an ISB profile. It forms its own thread in the core hole, so you do not need to tap a thread first. The screw can be undone and reused.

- Size: S7 x 16
- Head: countersunk Ø12 mm, hexagon socket SW 4
- Material: steel, black oxide and waxed
- For ISB profiles
- Weight: 6.0 g
