Description

This black plastic combi hinge lets you hinge a door or panel on an aluminium profile, or join two profiles with a hinge. It is a fixed hinge: the two halves cannot be lifted apart.

The wings are sized for a 30 profile. Centring lugs underneath fit into slot 8, so the hinge sits straight on the profile. You fasten them from the front with M6 countersunk screws. It fits the BSB profiles 30 with slot 8. For ISB profiles 30 (slot 6) there is BT-021405.00.06.030.
