### Description

This black plastic combi hinge lets you hinge a door or panel on an aluminium profile, or join two profiles with a hinge. It is a fixed hinge: the two halves cannot be lifted apart.

The wings are sized for a 40 profile. Centring lugs underneath fit into slot 8, so the hinge sits straight on the profile. You fasten them from the front with M6 countersunk screws.

- Wings: glass fibre reinforced plastic (PA), black
- Hinge pin: stainless steel
- Combination: 40 / 40
- Max. load: 450 N axial, 750 N radial
- Screws and slot nuts are not included
