Product details

Material	Glasvezelversterkt kunststof [PA], RVS as
HS-code	3926.30.00.90

Specifications

Slot type / slot width	Slot - (- mm)

Description

This black plastic combi hinge lets you hinge a door or panel on an aluminium profile, or join two profiles with a hinge. It is a fixed hinge: the two halves cannot be lifted apart.

The wings are sized for a 45 profile and a 60 profile. The wings are flat underneath, without slot guides, so the hinge also fits on panels and other flat surfaces. You fasten them from the front with M6 countersunk screws.

- Wings: glass fibre reinforced plastic (PA), black
- Hinge pin: stainless steel
- Combination: 45 / 60
- Max. load: 200 N axial, 850 N radial
- Screws and slot nuts are not included
