Product details

Material	Steel
Finish	Zinc plated
HS-code	7326.90.98.90

Description

With this T-connector plate you join a round tube profile of Ø 28 mm at a right angle to an aluminium profile.

The round end goes on the tube: an M8 countersunk screw fastens it in the core hole of the D28 profile or in a D28 M8 threaded sleeve. The flat end is fastened to the aluminium profile with two M6 countersunk screws and slot nuts.

- Material: steel, zinc plated
- Size: 74 x 28 mm, 5 mm thick
- For tube profiles Ø 28 mm, such as our aluminium profile D28
- Holes: 1x for M8, 2x Ø 6.6 for M6, 25 mm centre to centre
- Weight: 52 g
- Screws, slot nuts and threaded sleeve are not included
