ConveyorBricks compact sensor unit

Article number: BT-060501.15.02.100

View this product online: https://www.bendur.com/uk/conveyorbricks-compact-sensor-unit-bt0605011502100.html

Product details

Scope of supply	Delivered as individual parts sensor not included
Compatible system	ConveyorBricks
HS-code	9031900000

Parts list

Name	SKU	Qty
ConveyorBricks compact sensor unit		
ConveyorBricks sensor housing base	BT-060501.15.02.002	1
ConveyorBricks sensor and reflector housing	BT-060501.15.02.001	1
ConveyorBricks sensor adjustment spindle	BT-060501.15.01.003	1
ConveyorBricks sensor mounting plate	BT-060501.15.01.002	1
Cross recessed raised cheese head screw Phillips zps | M3x6 - DIN 7985-H	BT-070333.01.03.006	2
ConveyorBricks Hammer head screw | 2.9 - M5x12	BT-060501.90.04.512	2
Hexagon flange nut with serration | sw8 - M5	BT-020601.03.00.005	2

Description

The ConveyorBricks compact sensor unit is a complete solution for mounting and positioning sensors within conveyor systems. The compact design allows installation underneath conveyor side guides without the need to disassemble the existing guide system. The unit consists of the sensor and reflector housing, sensor mounting plate, adjustment spindle, and sensor housing base. The integrated adjustment spindle allows precise vertical positioning of the sensor, while the modular design supports various sensor brands within the ConveyorBricks system.
