Product details

Compatible system	ConveyorBricks
Material	Staal
Thread diameter [mm]	M6
Finish	Elektrolytisch verzinkt
HS-code	7318 15 95 89

Description

The ConveyorBricks hammer head screw is specifically designed for fast and reliable assembly within the modular ConveyorBricks system. The hammer head allows the screw to be easily inserted into the upper slot of the ConveyorBricks aluminium roller conveyor side profile and securely tightened without the need for additional mounting components.
