| **Thread diameter [mm]** | M16 |

### Description

This stainless steel leveling foot with anti-slip rubber features a cast base with a diameter of 50mm and a sealed M16 spindle. The total height of this leveling foot is 181mm with a maximum load capacity of 3,000N. It is ideally suited for industrial environments where a high level of hygiene and heavy loads are required, such as in the food, chemical, and pharmaceutical sectors. The stainless steel base and its distinctive shape guarantee high load resistance and excellent cleanability, even in critical conditions. The protected spindle prevents the threaded section from being exposed to external substances.
