Product details

Product series	S400B
Material	Stainless steel
Footplate diameter [mm]	60
HS-code	3926.90.97.90
Thread diameter [mm]	M20

Description

This stainless steel leveling foot with floor mounting and anti-slip rubber features a molded base with a diameter of 60mm and an enclosed M20 spindle. The total height of this leveling foot is 235mm with a maximum load capacity of 4,500N. It is ideally suited for industrial environments where a high level of hygiene and heavy loads are required, such as in the food, chemical, and pharmaceutical sectors. The stainless steel base and its distinctive shape guarantee high load resistance and excellent cleanability, even in critical conditions. The protected spindle prevents the threaded section from being exposed to external substances.
