Product details

Product series	S400B HEAVY
Material	RVS
Footplate diameter [mm]	80
HS-code	3926.90.97.90
Thread diameter [mm]	M16

Description

This stainless steel leveling foot with floor mounting and anti-slip rubber features a fully machined base with a diameter of 80 mm and an enclosed M16 spindle. The total height of this leveling foot is 183.5 mm with a maximum load capacity of 30,000 N. It is ideally suited for industrial environments where a high level of hygiene and heavy loads are required, such as in the food, chemical, and pharmaceutical sectors. The stainless steel base and its distinctive shape guarantee high load resistance and excellent cleanability, even in critical conditions. The protected spindle prevents the threaded section from being exposed to external substances.
