Product details

Product series	S400 HEAVY
Footplate diameter [mm]	80

Description

This stainless steel leveling foot features a fully machined base with a diameter of 80 mm and a spindle with full M12, M16, M20, M24, or M30 thread. The total height of this leveling foot is 82.5 to 332.5 mm with a maximum load capacity of 12,000, 30,000, 45,000, 70,000, or 80,000 N. It is ideally suited for industrial environments where a high level of hygiene and heavy loads are required. The stainless steel base and its distinctive shape guarantee high load resistance and excellent cleanability, even in critical conditions. The stainless steel washer ensures a complete seal between the spindle and the base plate.
