Product details

Product series	S400 HEAVY-SPLIT
Footplate diameter [mm]	150

Description

This stainless steel leveling foot features a fully machined base with a diameter of 150 mm and a separated spindle with full M20, M24, M30, or M36 thread. The total height of this leveling foot is 81.5 to 331.5 mm with a maximum load capacity of 45,000, 70,000, 100,000, or 150,000 N. It is ideally suited for industrial environments where a high level of hygiene and heavy loads are required. The stainless steel base and its distinctive shape guarantee high load resistance and excellent cleanability, even in critical conditions.
