View this product online: https://www.bendur.com/uk/anti-slip-plate-for-leveling-feet-nbr-cp0607100200000.html

Product details

Material	Nitril Butadiene Rubber [NBR]
HS-code	4006.90.00.00

Description

This black end cap is specifically designed for truck side guard profiles. The end cap ensures a neat finish and offers additional protection to the underside of the truck road guard. Side guarding, consisting of slats between the wheels, is a legal requirement for all trucks and plays a crucial role in increasing safety for cyclists and other road users. This end cap is easy to install and offers durable protection against external influences.
